## Congratulations to 2019 Winners

# Finnoviti 2020 - Nomination form

Banking Frontiers has pleasure in announcing FINNOVITI 2020 Conference & awards, the 8th edition to recognize and reward innovations in the BFSI and honour the innovators. The earlier seven editions of Finnoviti Conference and awards have given us a ringside view of the innovations that happen in the BFSI sector and a rare insight of what spurs these innovations. We had received more than 185 nominations from 82 organizations for the 2019 edition & the jury committee identified the top 24 winners.

We are extending our invitation to all the CEOs and CXOs and leaders of the BFSI sector from India, SAARC, The Middle East and Africa to file their nominations for Finnoviti awards 2020 & participate in the event. We wish each and every stakeholder in the BFSI segment is inspired to be innovative and innovate in each of their actions. Welcome innovators at Finnoviti Awards & Conference!

## FINNOVITI 2020 - the award that salutes the spirit of innovation

Finnoviti is intended to uncover and recognize these underlying innovations and reward them so that there is an element of encouragement for the stakeholders. As in the past, it does not differentiate between banks, insurance companies, wealth managers, financial brokers or other financial service providers, as innovations across the sector are fair and acceptable. They will be ensured of a place to highlight their creative passionate intentions and secure due recognition.

### Judging: A Four-pronged Approach

All the nominations filed in the prescribed format and adhering to the rules and regulations will be screened by the knowledge partner Deloitte for completeness and relevance.

These will then be screened by a pre-jury panel, comprising CEOs and financial experts across the BFSI sector, who will evaluate and select the best entries in categories to be judged by the final deciding authority.

The jury committee, which will be consisting of eminent personalities who have made a mark in the BFSI segment. This pre-jury committee will identify the 'Top 30' nominations.

The jury committee will then step in to select the top 20 innovations.

The whole process - judgements by the pre-jury committee, the jury committee will be an online procedure, which will be supervised and verified by our knowledge partner Deloitte India.

As the winners are judged, the winning entries will form part of a compendium we will bring out to be circulated at the event.

We seek your support for this unique event. All you need to do is to determine the inspiring and innovative products, services, methodologies or procedure you had devised and implemented in the organization and give us details in the prescribed format. It can be an inspiring role model for the entire BFSI segment and win laurels. So, hasten up the process and file your nominations. Let your innovations start the talking.

## Guidelines for Nomination

### Who can participate?

Any bank, insurance company, NBFC, MFI, AMC or stock-broking company in the public, private or joint sector, operating in India that is registered and regulated by a government-appointed regulator.

### How many nominations can be filed?

A maximum of 5 nominations, per entity

### Who can file the nominations?

The entities should file the nominations themselves. No third party nominations will be entertained. The concerned heads of departments should file the nominations and it should be submitted through the office of the Chairman / Managing Director.

### How should the nominations be filed?

The nominations have to be filed on the official letter heads of the entities concerned and should bear signature(s) of the official(s) filing the nominations. The entities should be as brief, as possible, with the matter expressed in an articulate manner. The matter, not exceeding two pages per innovation, should be sent as per the prescribed format mentioned in the guidelines. Any additional information about the innovations and their benefits can be given in separate sheets, if necessary.
