INDIA'S VISION

WEB CONFERENCE SERIES

History has shown that innovations have pushed progress towards new frontiers. The financial and technology sectors are now poised to achieve the next frontier.

Today's pressing need is to extend the digital highways to every corner of the country and empower every person with payment options. For the first time ever, the technology to achieve this is in hand. Now is the time to realize this visionary goal.

Banking Frontiers and ACI are joining hands to fuel the momentum towards this vision. We are inviting payment visionaries to put their minds together to craft the roadmap for the vision.

PayNext – India's Vision is a series of 4 panel discussions on 4 pillar topics:

1. Realtime Payments Landscape – Opportunities & Regulations
2. Thwarting Fraud Networks
3. From Digital Banking to Open Banking
4. Progressive Migration to Cloud

The dates and time for the panel discussions will be announced shortly.
